

Hebel PowerFence

Provides an innovative solid fencing system that's attractive, versatile and easy to install.

Hebel PowerFence has been developed for residential fencing applications and is warranted by CSR Hebel.

-  **Easy to paint**
-  **Strong and solid**
-  **Quality and speed**
-  **Energy efficient**
-  **Eco-friendly**
-  **Noise reduction**
-  **Fire resistant**
-  **Proven**

PowerFence Fencing System

Ideal for renovators, because of the lightweight panels and simple construction method, PowerFence uses standard 1800 x 600 x 75mm PowerPanels, steel brackets and steel posts which can be easily and quickly erected without the need for excavation or strip footing. Ideal for houses, multi-residential projects, low-rise apartments and DIY projects.

PowerFence Standard Panel Sizes

75mm thick x 600mm wide x 1800mm and 2400mm long.

Fencing – Houses & Low Rise Multi Residential

- easy to build, cost effective and attractive
- can be easily painted or fully rendered
- creates privacy and acts as a reflective noise barrier
- perfect for boundary fencing or as an alternative to standard masonry front fences
- can change the edge profiles (monolithic or expressed) to create a range of looks with capping, finishes and routing patterns

Hebel PowerFence

Provides an innovative solid fencing system that's attractive, versatile and easy to install.

ITEM	DESCRIPTION	LOCATION
1	Hebel PowerFence panel	Entire fence
2	PowerFence Bracket Set	Lateral support for panels
