PowerFloor Flooring System

This strong and solid flooring system consists of PowerFloor 75mm steel-reinforced tongue and groove panels. These panels are installed over steel or timber joists to provide an outstanding flooring solution for suspended ground floors or mid-floors.

- **Fire rating:** Up to 90 minutes from above, up to 90 minutes from below (with approved CSR Gyprock ceiling)
- **Acoustic:** $R_w + C_{tr}$ 50 and $L_{nw} + C_i$ 62 (with 13mm Fyrcheck ceiling system, timber flooring cover and 290mm joist depth)
- **Thermal:** R_0 0.375 m².K/W for 14% M.C for panel only
- **Thickness:** 75mm (floor panel only)

Note: For further details on performance of Hebel Powerfloor please visit Hebel website or contact Hebel technical services

PowerFloor Standard Panel Sizes

75mm thick x 600mm wide x 1800mm long.

Floors – Houses & Low Rise Multi Residential

- offers excellent acoustic performance, minimising noise transference between floors
- easily installed by onsite tradesman such as carpenters
- not affected by weather during installation
- once finished, the Hebel PowerFloor system provides a solid base for just about any floor covering

Hebel PowerFloor

Provides a strong solid flooring solution with the feel of concrete for a lot less cost.
