	466628	6G 1-3/4" (44mm) Stainless Steel Screw (Box 200)	Fixing Universal Base Clip to Hebel substrate	

These profile elements are available in a powder coated finish in popular Colorbond® colours: Basalt®, Dune® and Monument®**.

PowerProfile®

Hebel's PowerProfile is a simple way to accessorise your Hebel facade to replicate the look of traditional standing seam.

A universal backing clip is fixed to the Hebel facade and a powder coated aluminium profile snaps onto the clip offering a myriad of design options.

Parapet and perimeter trims are also available to complement your design requirements.

Features and benefits:

- + An affordable option compared to that of standing seam and similar metal cladding systems.
- + Strong 75mm thick, steel reinforced panels provide a solid wall with deep window reveals.
- + Helps overcome the issues associated with morning and afternoon glancing light.
- + Choice of aluminium profiles and colours.
- + Maintains strong Hebel thermal and outstanding fire performance.
- + Suitable for timber and steel construction.

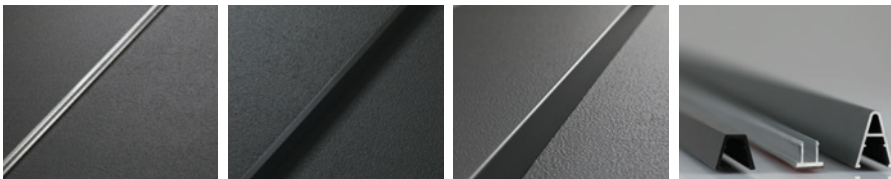

Panel sizes (l x w x t):

- + 2400mm x 600mm x 75mm
- + 2700mm x 600mm x 75mm
- + 2850mm x 600mm x 75mm
- + 3000mm x 600mm x 75mm
- + 3300mm x 600mm x 75mm

Profile and accessory colours:

There are two aluminium profiles available; Trapezoidal and Bullnose. These come in a powder coated finish in popular Colorbond® colours: Basalt®, Dune® and Monument®.**
